This certificate attests that all provisions concerning the requirements towards the reinforcement as component of an ETICS (External Thermal Insulation Composite System) kit with rendering being covered by a European Technical Approval described in the Guideline for European Technical Approvals

ETAG 004

are applied and that the products are submitted by the manufacturer to a factory production control. Kiwa MPA Bautest GmbH, Department TBU Greven has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

The factory production control fulfils all the prescribed requirements set out above.

This certificate was first issued on 07.11.2013 and will remain valid as long as the test methods and/or factory production control requirements included in the harmonised standard, used to assess the performance of the declared characteristics, do not change, and the product, and the manufacturing conditions in the plant are not modified significantly.
